ACTORS ENSEMBLE OF BERKELEY, P.O. Box 663, BERKELEY, CA 94701 

"...powerful and insightful....a thought-provoking piece, the message being that often we need not look as far as heaven to see angels here on earth..." — The Herald

As It Is in Heaven

This fascinating play celebrates the music and dance traditions of the Society of Believers even as it explores conflict through the tensions that arise Shaker women. Set in 1838, the play revolves around the tensions that arise when a newcomer to the community begins experiencing visions, and the older members, who have received none, question the veracity of her claims and their own devotion to the Way.
