FAERIES OF THE MOONLIGHT

ACTORS ENSEMBLE OF BERKELEY
About Actors Ensemble of Berkeley

Actors Ensemble (AE) has been around the block (and just around the corner from you) since 1957, making us the longest-running stage company in Berkeley. Since 1965 we have often performed at Live Oak Theatre and more recently at LaVal’s Subterranean, both in Berkeley. Recently we have also taken the opportunity to bring the magic of theatre to the John Hinkel Park Amphitheatre, a wonderful outdoor space with a vast legacy of performance.

As Berkeley’s only true community theatre company, we depend on our volunteers to bring their energy and creative vision to each play we produce. If you would like to volunteer in our theatre, give us a call or send us an email! We’d love for you to play a part in our next show!

PLAYWRIGHT’s NOTE

Oh, Moonbow, so rare in the mortal world, but in the realm of the faeries, the moon glows brighter and the Moonbow Festival in the autumn shines brightest. In the places with waterfall mist or a light fog, the moonbow will appear.

When I saw the rarest of moonbows, a full circle surrounding an intense full moon, its magic inspired me to write this play and Marin Irish Music introduced me to the wonderful melodies from the Emerald Isle.

In my imagination, I visited the realm of the faeries and met these intense characters. In the 49 years since I originally wrote this story, there have been many versions (even since the start of rehearsal!) This production is a dream come true.

Now, I ask you to imagine this “other world,” and let the fantastic, imaginative actors, singers, dancers, and fighters pull you into this story of friendship, longing, and danger. (There’s humor too!) This musical required a huge team effort and thanks to the actors, our directors, the musicians, and designers who have brought the faery world to John Hinkel Park.
